Secondary School | O Level

Yemen Secondary School DYCCC. Dar-es-salaam, Tanzania **2015-2016**

Bachelor of Engineering | Computer Science and Technology

Wuhan University of Technology. Wuhan, Hubei, China **2017-2021**

PROJECTS

- **LIBRARY ADMINISTRATIVE PORTAL**: The portal/software was created to manage and deal with the primary maintenance and order of keeping/borrowing and returning books to a library. This software helps libraries keep track of the books, their checkouts and members subscriptions, which in turn helps manage book collections and strengthens relationships between the Librarian and the members.
- **SHOWBOX WECHAT MINI-PROGRAM**: Showbox is the name we gave to our mini-program, it was created to work as a mini-program in WeChat, in order to provide ratings and reviews of movies, tv series and Reality shows.

EXPERIENCE

- **Operating and Graphic Designer PRINT LAB** | Dar-es-salaam, Tanzania
Leveraged proficiency in Adobe Photoshop, Lightroom and Illustrator to design banners, flyers, business cards and other promotional materials
December 2016 - May 2017
- **Warehouse Supervisor BOLTCOM** | Dar-es-salaam, Tanzania
Overseeing general operations of the warehouse and the staff /
June 2016-September 2016
- **Software Developing Intern WUHAN XUELIAN TECHNOLOGY** | Wuhan, China
Designed a WeChat mini-program software for proving rating and reviews of movies and tv shows
December 2020 – January 2021
- **IT Intern CAMEL OIL** | Dar-es-salaam, Tanzania
Assisted team and end-users with hardware and software configuration, setup and troubleshooting to maintain system functions / **September 2021-November 2021**
